Martin, I spoke with Greg Etter this afternoon, and we discussed EPA's and Sunnyside's approach for participating in the ARSG meeting this Thursday. I explained that we had shared an updated draft communication strategy with Colorado and BLM, but that we may not get final comments from them prior to the meeting. Greg shares our belief that there likely will be only a few questions from a few individuals regarding the recent meeting between Sunnyside and the agencies. Larry Perino will be representing Sunnyside at the meeting, and he will pass along the messages we developed in our draft communication strategy. I will be the principal EPA spokesperson and will field any questions directed our way.

We agreed to touch base one more time prior to the meeting, likely late tomorrow afternoon.

Let me know if you have any questions/concerns.

Thanks,
Steve
